---FOOTNOTES---

MDRD1 GFR calculated by the MDRD equation(nkdep.nih.gov): Values <60 for three months suggest chronic renal disease.
Values <15 indicate renal failure. The MDRD equation has not been validated in patients <18 years old.

NHL / NHLPA AUTHORIZATION FORM FOR HEALTH CARE PROVIDERS TO RELEASE HEALTH INFORMATION

1. Subject to the restrictions set forth herein, I authorize all physicians, including my NHL Team's physician(s), hospitals, laboratories, clinics and any other health care providers who now have or may have health information about me, to use and / or disclose: all health information about me, including but not limited to, all my past, present or future health, medical, or surgical records, my medical health questionnaire(s), all information relating to any injury, sickness, disease, condition, medical history, medical, mental, or clinical status, diagnosis, treatment or prognosis, and further includes, but is not limited to, clinical notes, test results, laboratory reports, x-rays, diagnosis imaging results, and data relating to any testing or medical study.

2. I authorize the disclosure of all the health information identified in Paragraph 1, for any purpose relating to my employment as an NHL player, to: all physicians, coaching staff, owners, presidents, trainers, general managers and assistant general managers of the NHL Team or Teams for which I have agreed (or may agree) to render playing services during the time period covered by this authorization form (and, in the event of any contemplated or actual assignment of my playing contract to another Team or Teams, the physicians, coaching staff and officials (including, but not limited to trainers) of such other Team or Teams).

3. I understand that any of my health information that is disclosed in accordance with this authorization form might be redisclosed by the recipient of that information and may no longer be protected by the Health Insurance Portability and Accountability Act (HIPAA). Nothing in these acknowledgements or this authorization shall be considered as a waiver of any rights to privacy or nondisclosure of health information that I may have under the CBA, my Standard Player's Contract, any state law (which is not preempted by HIPAA), or any other federal law.

4. I understand that my medical treatment, or entitlement to health benefits (if any) will not be conditioned upon whether or not I sign this form, except in the case of physicals that are performed solely to provide fitness-to-play information to the staff and officials of an NHL team.

5. This authorization expires one year from the date it is signed, unless previously revoked.

6. I understand that I have the right to revoke this authorization at any time, but that my revocation will not be effective to the extent that anyone has already released my health information in reliance upon this authorization form. My revocation must be in writing and be sent to either the Club's General Manager or Team physician (Team Physician name and address: _____). I further understand that my right to revoke this authorization shall not serve to excuse any failure by me or my NHL team to comply with the provisions of any individual contract covering my employment as an NHL player to which I am (or may be) a party, or any other agreement that may govern the terms and conditions of my employment as an NHL player.

7. I acknowledge that I have received a copy of this authorization along with the other pages that comprise my Pre-Participation Medical Evaluation. I further acknowledge that a photocopy of this form is as valid as the original.

Player's signature

Certification

I certify that I have answered this questionnaire and all questions of the team physician completely and correctly to the best of my knowledge. I certify that I have not had any prior illnesses or injuries other than those I have listed on this questionnaire.

I further certify that the team physician has explained to me that playing professional hockey may result in serious physical injury and in the aggravation, deterioration, or reinjury of any preexisting medical condition(s) during and after my employment by (Name of Team) Red Wings. I fully understand and assume the possible consequences of playing professional hockey with the medical condition(s) set forth in this questionnaire or discussed with the team physician.

I hereby authorize the team to release this questionnaire and any and all other information in my medical file to any other team to which I am released, or traded, or to which my contract is assigned.

(if applicable) I have reviewed my medical summary that was updated on (DAY / MONTH / YEAR) 12/09/09 and:

☒ I certify that it is complete, accurate, and up-to-date. I have had no additional injury, illness, or surgery performed.

☐ Please make the following additions or corrections to update my medical summary:

Date: 12/09/09

Date: _____

Read and answer the following questions carefully. If you answer yes to any questions, you must explain them fully to the examining physician.

	Y	N	Comments
Have you ever been treated for infectious Mononucleosis, Viral Pneumonia or any other infectious disease in the last 12 months?		/	
Have you ever been treated for diabetes?		/	
If so, do you take medication?		/	
Have you ever had an allergic reaction to drugs? (Such as Penicillin)		/	
Have you ever been "knocked out" or experienced a concussion?		/	
How many concussions have you had in your lifetime?			
Did the attending physician have you stay overnight in a hospital?		/	
How many times?			
Have you ever been treated for calcium deposits? Where?		/	
Do you experience back pain? Very Seldom		/	
Occasionally		/	
Frequently		/	
Only after exercise or heavy lifting		/	
Do you have a pin, screw or plate somewhere in your body as a result of bone or joint surgery?		/	
Have you ever had a bone graft or a spinal fusion?		/	
Have you had a fracture during the past 2 years?		/	
Have you had any operation during the past 2 years?		/	
Have you ever been told you had a hernia or sports hernia?		/	
Have you had any additional illness, injuries or operations? (other than childhood diseases)	/		elbow
Are you presently under a physician's care for any difficulty not already discussed?		/	
Have you ever, or are you presently using any habit forming drugs?		/	
Have you ever worn hearing aids?		/	
Have you ever bled excessively after tooth extraction?		/	
Have you ever been advised to have any operation not yet performed?		/	
Do you wear eye glasses?		/	
Do you wear contact lenses?		/	
Hard lenses		/	
Soft lenses		/	
Do you wear them during athletic participation?		/	
Have you ever sustained an eye injury?		/
